

Coalition America partners with Bloodhound Technologies to offer Claim Editing Services

Atlanta, GA, April 26, 2006 ... Coalition America, Inc. (CAI) is pleased to announce its partnership with Bloodhound Technologies, an industry leader in designing effective solutions for problems in the claims payment process.

“We are excited about partnering with Coalition America. We believe that their strategic vision and client centric culture is closely aligned with our company's”, said Gary Twigg, president of Bloodhound Technologies. “We are impressed with their ability to clearly articulate that vision to their clients, their openness to listening to their clients needs in creating that vision, their commitment to making a strong service model and value proposition for their clients. CAI has also earned our respect through the thoughtful and rigorous consideration to selecting their partners and their ability to effectively integrate a multi-vendor approach”, said Twigg.

“We believe Bloodhound Technologies can offer CAI clients a real-time option for delivering efficiency in the claim payment cycle”, said CAI president, Scott Smith. “Bloodhound Technologies has shown themselves to be an excellent partner to meet our goals,” said Smith.

About CAI

Coalition America, Inc. (CAI) is the leader in medical claim savings utilizing proprietary technology, PPOs and negotiations to deliver significant discounts on group health and workers' compensation medical bills. Clients interface with CAI through HIPAA compliant EDI (electronic data interchange) or the Internet to reprice in-network and out-of-network medical claims. CAI generates significant savings through the integration of Primary PPOs, Wrap PPOs, Supplemental PPOs, and direct provider negotiations.

The Atlanta-based healthcare savings company directly services over 300 clients representing more than 12,000 businesses nationwide, offering a one-stop solution for discounting medical bills while reducing administrative costs through technology. CAI has saved its clients over one billion dollars since its inception in 1995.
