

Coalition America Partners with Advanced Medical Pricing Solutions and Eldorado Computing To Offer Streamlined Repricing and Adjudication Solution

Atlanta, Ga., Sept. 14, 2005--Coalition America, Inc. (CAI) has partnered with Advanced Medical Pricing Solutions (AMPS), to offer an **automated and streamlined EDI connection** for Eldorado Computing, Inc.'s (ECI's) clients. AMPS has partnered with Eldorado Computing to create a unique interface designed to facilitate connection to repricing organizations for ECI's clients. CAI connects to AMPS via HIPAA-compliant EDI to enable ECI's clients to electronically transmit in-network and out-of-network medical bills to CAI for repricing. The discounted bills are quickly returned electronically to the client ready for auto-adjudication.

"We believe our technology solution for Eldorado Computing clients will dramatically improve their operational effectiveness and overall profitability. We have contracted with CAI because we see them as a leader in the repricing services market and recognize the value they can generate for Eldorado's clients," said Jim Delaney, COO, Advanced Medical Pricing Solutions.

According to Coalition America, Inc. Chairman and CEO Sean Smith, "We are very excited about working with AMPS to offer this simple and efficient solution to Eldorado's clients. Our new connection will dramatically improve the repricing and adjudication process for Eldorado's clients, while enabling them to discount more claims faster."

About Coalition America

Coalition America, Inc. (CAI) is the leader in medical claim savings utilizing proprietary technology, PPOs and negotiations to deliver significant discounts on in-network and out-of-

network medical bills. CAI directly services 300 clients representing more than 12,000 businesses nationwide. **CAI has saved its clients over \$900 million since its inception in 1995.** For more information visit www.coalitionamerica.com or contact Libby Roper at 404-459-7201, ext. 5265 or libbyroper@coalitionamerica.com
