

Coalition America acquires leading data management company

Atlanta, GA, March 30, 2004... Coalition America, Inc. (CAI), the leader in medical claim savings, announces its acquisition of a leading data management firm, Lodestone Solutions, LLC. The acquisition will augment CAI's portfolio of services to the payor community.

"We are very excited about the services that Lodestone Solutions will be able to offer our payor clients in the areas of data management, data hygiene and data enhancement," said Scott Smith, President, Coalition America, Inc. "We believe that through Lodestone our clients can increase their auto-adjudication rates and decrease the manual edits associated with the adjudication process," said Smith. It is also anticipated that Lodestone will provide data services for CAI's PPO partners.

Lodestone has been in business for over three years offering high quality provider demographic information to leading organizations including the GE Medical, Glaxo Smith Kline, Abbott Laboratories, ChoicePoint and Baxter Healthcare.

"Lodestone sees this relationship as a true win for both organizations- CAI will utilize our data management capabilities to further enhance its repricing services, and Lodestone will have an opportunity to offer its innovative data management solutions to the payor &

PPO community through the existing relationships of CAI,” said Francisco Cline, President, Lodestone Solutions, LLC.

About CAI

Coalition America, Inc. (CAI) is the leader in medical claim savings utilizing proprietary technology, PPOs (preferred provider organizations) and negotiations to deliver significant discounts on group health and workers’ compensation medical bills. Clients interface with CAI through HIPAA compliant EDI (electronic data interchange) or the Internet to reprice in-network and out-of-network medical claims. CAI has saved its clients over 600 million dollars since its inception in 1995.
