Coalition America and Navigant Consulting Develop Fee Schedule

Atlanta, GA, November 1, 2006...Coalition America, Inc. (CAI), the leader in medical claim savings, announced a partnership with Navigant Consulting, Inc. (NYSE: NCI) to develop a reimbursement fee schedule for physician services, as well as hospital in-patient and out-patient medical encounters.

This fee schedule contains appropriate reimbursement amounts for all physician services in all 50 states. The fee schedule was developed through analysis of payment information from millions of recent claims in all geographical areas. The analysis considered nationally recognized benchmarks, such as Medicare, and data from other established sources. The fee schedule for hospital services includes all acute care facilities nationwide, as well as specialty hospitals in each of several medical disciplines. The hospital fee schedule was created by examining the cost to deliver services, reasonable markups considering many factors such as geography, complexity of treatment, and other contributing variables as well as prevailing market rates.

“We are excited to provide the industry with this new benchmark of fair and reasonable reimbursement for all types of medical encounters,” said Sean Smith, CEO of Coalition America. “We are particularly pleased to have worked jointly with Navigant Consulting in light of their extensive and well-respected experience in developing fee schedules for large carriers and for the Federal government. We are certain that the payor community will find this fee schedule to be an

extremely valuable tool in managing their medical costs in areas where they presently are exposed to pay full billed charges.”

“We are delighted to have the opportunity to support the Coalition America team in developing this comprehensive fee schedule offering for its payor and TPA clients. These tools allow Coalition America to further expand its comprehensive suite of cost containment services, and will undoubtedly be of great interest to payors nationwide,” said Gerry Benjamin, Managing Director of Navigant Consulting.

About CAI

Coalition America, Inc. (CAI) is the leader in medical claim savings utilizing proprietary technology, PPOs (preferred provider organizations) and negotiations to deliver significant discounts on group health and workers' compensation medical bills. Clients interface with CAI through HIPAA compliant EDI (electronic data interchange) or the Internet to reprice in-network and out-of-network medical claims. CAI generates significant savings through the integration of Primary PPOs, Wrap PPOs, Supplemental PPOs, and direct provider negotiations.

The Atlanta-based healthcare savings company directly services over 300 clients representing more than 50,000 businesses nationwide. CAI has saved its clients over one billion dollars since its inception in 1995.
