

## **Coalition America Announces Alliance with TriZetto to Offer Streamlined Claims Repricing and Adjudication Solution**

**Atlanta, GA, March 15, 2005** -- Coalition America, Inc. (CAI), the leader in medical claims savings, announced it has teamed with The TriZetto Group, Inc. (NASDAQ: TZIX), to offer a state-of-the-art repricing and adjudication solution for health plans and benefit administrators. TriZetto has made enhancements to its ClaimsExchange solution which allows clients to *electronically transmit in-network and out-of-network medical bills to CAI for repricing*. The bills are then quickly returned electronically to the client for auto-adjudication. Clients can choose from a pre-adjudication option which is available today, or a post-adjudication option which will be available mid-summer. **As a special promotion, the companies are waiving implementation and transaction fees for new clients that contract for the ClaimsExchange and CAI service by May 31, 2005.**

“We are excited to offer this solution and special program with Coalition America,” said Dave Pinkert, vice president of Product Management for TriZetto. “Employers continue to demand that their claims administrators provide greater value and identify new ways to reduce medical costs. This alliance with Coalition America can help benefit administrators and employers achieve these goals” said Pinkert.

“We have had a long and positive relationship with TriZetto. Many of our existing clients are already on the QicLink platform, and could see significant and immediate savings by moving to an electronic connection with CAI through ClaimsExchange,” said Scott Smith, president, Coalition America, Inc.
